ALEMAYEHU MUHABAW

Full-Stack Software Engineer | Backend (Express.js and Spring Boot) | Frontend (React.js) | Mobile App (Dart and Flutter) Developer

@ alluwa2127@gmail.com

📍 Addis Ababa, Ethiopia   Website https://my-portfolio-git-portfolio-muhabaw21.vercel.app/

SUMMARY

As software engineer with a strong passion for problem-solving and an innate love for technology, my goal is to leverage my expertise in JavaScript, Node, React, Express Js, Flutter and other tools to develop innovative and effective solutions that can positively impact people's lives.With hands-on experience in coding, software development, and designing different applications,I am proficient in meeting tight deadlines and project constraints. As an introvert, I am able to work efficiently independently but also collaborate when necessary to ensure the best possible outcome for my clients or team members

EXPERIENCE

Mobile App Developer(Flutter)

Bazra Technology Group

📅 2022 - Present   📍 Bole, Addis Ababa

Developed and maintained Mobile applications
- Proficient in developing cross-platform mobile applications using the Flutter framework
- Strong command over the Dart programming language for efficient app development
- Expertise in utilizing state management libraries like Provider and Bloc for efficient app architecture and state handling.
- Writing clean, efficient, and reusable code for applications.
- Testing programs and databases to identify issues.
- Making necessary modifications to enhance functionality based on testing results.
- Ensuring positive user experience by implementing optimized solutions.

Software Developer

Daftech Compute Enginnering

📅 2021 - 2022   📍 Ureal, Addis Ababa

Water Bill Production Solution
- Tested programs and databases to identify issues and make necessary modification
- Designed, developed, and implemented software applications for website based on analyzed requirements and understanding of industry technical standards.
- Revised, modularized and updated old code bases to modern development standards, reducing operating costs, and improving functionality
- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Which of your achievements match the job you're applying to?
- Which of your achievements match the job you're applying to?

STRENGTHS

🏆 **Problem Solving**

Developed solutions for complex problems resulting in a 30% increase in efficiency

🏅 **Teamwork**

Collaborated with cross-functional teams resulting in successful project completion within deadline

💡 **Attention to Detail**

Implemented rigorous testing methodologies resulting in 99% bug-free code

EDUCATION

Bachelor of Science in Electrical and Computer Engineering
University of Gondar
📅 2015 - 2021 📍 Gondar,
